

These support notes provide details on how to access and mark scripts in the SEC's online marking system for 2023.

Full training in the use of the online marking system will be provided at the marking conference.

**This version is for Examiners in Leaving Certificate Biology, French, Mathematics, Gaelige, Spanish, Music, Politics and Society, Applied Mathematics and Art – Visual Studies;
And for Examiners in Junior Cycle English, Gaelige T1 and T2, Maths, French, Spanish, Music and Religious Education.**

How to use RM Assessor – Logging in

The screenshot shows the login interface for RM Assessor. At the top left is the logo for the State Examinations Commission (Coimisiún na Scrúduithe Stáit). Below the logo are input fields for 'Username' and 'Password'. A 'Forgot password?' link is located below the password field. The 'Login to' section contains two buttons: 'MARKING' (a solid blue button) and 'FAMILIARISATION' (a white button with a blue border). A footer at the bottom left reads '© RM Results, All Rights Reserved'. Three red callout boxes with arrows point to the username field, the 'MARKING' button, and the 'FAMILIARISATION' button.

FAMILIARISATION

Welcome to RM Assessor³

© RM Results, All Rights Reserved

Enter username and password

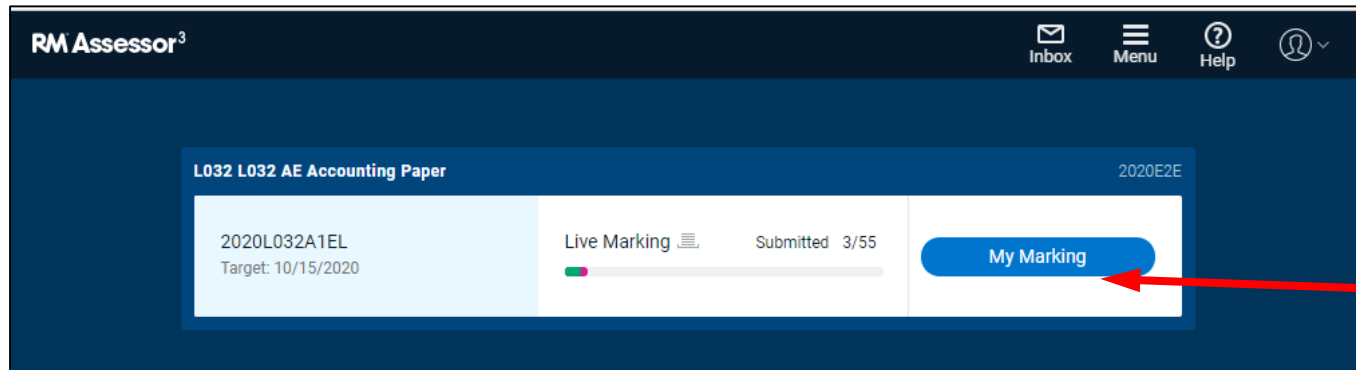

You will be provided with your username. When you log in for the first time you will be prompted to create a password. All examiners, even if they marked online before, will need to create a new account

Then click the 'Marking' button to begin marking...

... or click 'Familiarisation' to try out the marking interface with some sample materials.

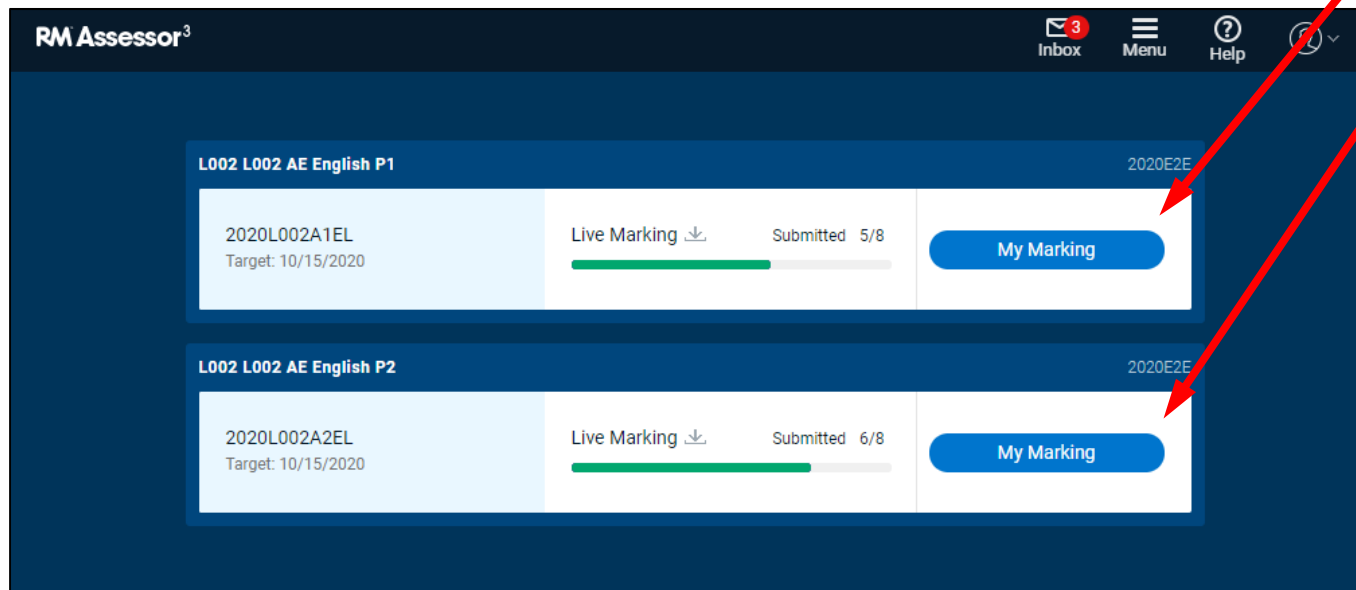

My marking – Home screen

This shows the different components you are marking. There may be one:

Click the 'My Marking' button to access scripts for that component.

Or more:

Your Live Worklist – Intro

Your scripts are organised into worklists. The one with most of your marking is the Live worklist:

'Home' takes you back to the list of components (previous page). This is important if the subject you are marking has more than one component.

Click 'Get new responses' to download candidate scripts.

If there are two components marked by the same examiner you will be told at main conference which to download first.

The screenshot shows the 'Live marking' interface. On the left is a dark blue sidebar with user information for 'A Supervisor' and 'N N Bilbrey', 'Marking instructions', and a progress indicator showing '0/500 Submitted' and '0 days until 4/21/2019'. At the bottom of the sidebar are buttons for 'Live' (1) and 'Atypical' (0). The main content area is titled 'Live marking' and features a 'Get new responses' button with a dropdown arrow. To its right are three status indicators: '1 Open for marking', '0 Submitted - editable', and '0 Submitted - closed'. Below these is a list of candidate entries, with the first entry showing the candidate number '6458730' and the text 'Marking not started'. A 'List view' link is located in the top right corner of the main area. Red arrows point from text boxes to these specific elements: 'Home' in the breadcrumb, 'Get new responses', the candidate number '6458730', and the 'List view' link.

Click on a candidate answer link to start marking.

Click here to change to List View (next page). It has a lot more detail, including Candidate number.

Your Live Worklist – Open and Submitted marking

Open for marking

Downloaded scripts that you have not yet marked or submitted.

Submitted - editable

Scripts that have been marked and submitted. Your ADV may monitor these. You can edit the marks of these responses. Any changes you make are automatically saved.

Submitted - closed

You **cannot** edit these scripts.

Generally, these are your scripts that have been monitored, but they only have your marking. (See pages 12 – 14 for accessing your ADV's monitoring.)

Marking a script

Candidate's Work

When you click on an item in the marking panel, you are generally shown the part of the script where the response is expected. Be careful, though – this doesn't really apply to the long response questions in certain subjects. For this section, scroll through the candidate response before selecting the correct item.

Marking Panel

Click on the correct item in the marking panel to enter the marks, using the keyboard or the blue buttons.

Annotations toolbar

Click on an annotation, and the mouse will turn into that annotation (for you to apply it to the candidate's script). Or drag and drop the annotation where you want to put it.

Some annotations are used on all papers, e.g. any blank pages are marked with a vertical wavy line to indicate that they have been seen.

Make sure you click on the correct item in the marking panel before applying annotations.

Start each question on a new page
r tús le gach ceist ar leathanach nua

Question	Marks
1	53/60
2	59/70
3	55/70
3A	9/20
3A1	9/20
3A1a	/10
3A1b	9/10
3A2	NR/20
3B	46/50
Adj	5/20

99% Total marks 172/220 NR

Marking and Submitting a script

You can mark by **Candidate** or by **Question** (i.e. item). Mark as directed by your ADV. Note: mark by Question won't really work for some subjects when marking long questions.

Suggest **Expand all** until you are used to navigating the marking panel.

You can click NR if the candidate gave no response to an item.

In some subjects, once you have fulfilled the rubric, you will be able to click **Complete**, to fill all remaining items with NR. If you don't have this button, you need to enter a mark (or NR) for each item.

Note: if a candidate answers fewer than the required number of questions in a section, you need to apply NR to the **first** available questions in the section in order to make the Complete button available.

This then turns into a **Submit** button, to submit your marking. (Or go back to your Worklist or Home, or on to the next response, if you're not ready to submit yet).

The screenshot shows a marking interface for a section titled "10. Weather Statistics". The interface includes a top navigation bar with "Inbox", "Menu", "Help", and a user profile icon. A left sidebar contains navigation icons and a list of items with checkmarks and numbers (4, 2, 5, and a plus sign). The main area displays a table of items with columns for "Mark by" (set to "Candidate") and "Annotations" (set to "ON"). A table lists items 6 through 12 with their respective marks and total marks. Item 9 is highlighted in blue and has a "NR" button and a "Reset" button. A "Complete" button is visible at the bottom right of the table. A green arrow points from the "Complete" button to a larger "Submit" button below the table. A red arrow points from the "Expand all" link to the "Complete" button. Another red arrow points from the "NR" button to the "Complete" button. A red arrow points from the "Mark by" dropdown to the "Candidate" text in the annotation box. A red arrow points from the "Annotations" toggle to the "ON" text in the annotation box.

Item	Mark	Total Marks

Linking Material to Questions – Additional Pages

If a script has additional pages, you will get a message to ask you to deal with them. Each additional page will display beneath the item(s) to which you link it.

Manage additional pages

This candidate's response contains additional pages that are not part of the main answer booklet. Please review these pages carefully. Once you have either linked each page to one or more question items, or flagged it as "Seen", you will be able to start marking the response.

Cancel OK

Click each of the items to which this page is relevant, then click **OK**.

You must do this for each additional page that has an answer. If an answer for one item runs over multiple pages you must link each page to the relevant item(s).

Linking Material to Questions – Full Response View

When a candidate writes beyond the image zone shown for an item, you can also link this writing to the correct item. Again, the extra material shows below the image zone for this question.

The screenshot shows the 'Full Response View' interface. On the left is a sidebar with icons for Home / Worklist, a list view, a warning icon, a search icon, and a double arrow icon. Below these are checkmark, cross, and comment icons. A red box with an arrow points to the list view icon, containing the text: "Click on 'Full Response View' (open book icon, top left) to see the whole response." A green arrow points from the sidebar towards the main content area. The main content area is titled "Practice 1" and "1 of 1 in worklist". It has a "Marking" section with options for "1 page", "2 page", and "4 page". A toggle switch for "Only show unannotated additional pages" is set to "OFF". The main content is split into two panels. The left panel shows "Section A" with handwritten answers: (a) "Give the two main reasons why living organisms require food." with answers "1. Energy" and "2. Repair of cells"; (b) "What is a polysaccharide?" with answer "The largest molecule of a carbohydrate"; (c) "Name the main structural polysaccharide in plants." with answer "Cellulose"; (d) "Describe the composition of a triglyceride molecule." The right panel shows a diagram of a cell cycle with stages X and Y, and a question: "3. The diagram represents the cell cycle. (a) What stage of the cell cycle is represented by X?". A red box with an arrow points to a "Link to question" button below the diagram, containing the text: "Click Link to question, and select the relevant item(s) from the list (as in previous page)."

Some notes on Annotations

- A set of annotations and their agreed use in marking is unique to an examining team and will have been discussed at your marking conference.
- Before you start marking you will be required to drag the annotations into a panel for use in marking and arrange them (by dragging) into your own preferred order. You only need to do this once during the marking.
- Click >> symbol on the annotations panel to expand it and << to collapse it to the left-hand side of the screen at any stage during the marking.
- You can undock the annotations menu if you would rather move it elsewhere on the screen (e.g. next to the marking panel). Click the symbol with a diagonal arrow and then click the line of dots to drag it to your preferred location on screen.
- To remove an annotation, click and drag it off the screen, or hover over it with your mouse, right click on it and click the 'remove annotation' option that appears.
- Hover over any annotation with the pointer/cursor and note that the question item selected on marks panel when that annotation was applied appears next to the annotation.
- Note during the marking some annotations are 'paled-out' – only the annotations corresponding to the item selected on the marks panel are 'strong' and editable. To edit a 'paled-out' annotation, you need to select its item on the marking panel.

Saving your Marks

- There is now a **Save** button on the bottom right of the marking panel. This button will become active once you change a mark or an annotation on a script. The easiest way to save your marking is to click on this button.
- Your marking is also saved if you exit by clicking on the link to the Worklist or to Home.
- Your marking is also saved whenever you move from one script to another.
- Your marking is **NOT** saved if you leave Assessor any other way, e.g. by clicking the X at the top right of the screen.
- If your internet connection is disrupted, you should be able to continue marking the script you are currently on. As long as you do not exit the current script, once the internet connection resumes, you can save your marking by clicking **the** Save button, or by clicking on the link to the Worklist or to Home.

Some more information in your Worklist Dashboard

The screenshot shows a 'Worklist for L032 AE Accounting Paper' dashboard. On the left, there is a sidebar with user information (K Jbnbs, My supervisor, Send message), another user (C Cblbn, Examiner, Approved), and completion status for 'Practice' and 'Standardisation'. The main area shows a 'Marking' section with a progress bar (3/55 Submitted) and a deadline of '0 days until 10/15/2020'. Below this are three categories: 'Live' (1), 'Atypical' (0), and 'Monitored Marking' (3). Five red callout boxes provide detailed information for each category.

Messages
Do **NOT** send messages through the marking site.
Contact your ADV by phone / email.

Marking Target
Shows your current maximum allocation of scripts.
Usually starts at 20 (for sample 20) and is increased following the post conference. It's 55 in this example (with 3 submitted).

Live marking
Your regular marking. Here there is 1 script open for marking.

Atypical marking
You will be given further direction if you need to access this.
E.g. Word Processed script (without a question paper).

Monitored marking
The scripts that your ADV has monitored, showing both sets of marking (yours and the ADV's).

Monitored Marking

Your ADV will give feedback on scripts they monitor. To see the ADV's marking, alongside your own, click on Monitored Marking.

Then click on a Response ID to see that script (you will see your own marking and your ADV's marking).

You can also see straight away if there was a change in total mark.

Monitored Marking

Monitoring:

1st (Column on the right) are the marks that you gave.

The column on the left are the ADV's marks.

ADV's annotations will be in green. Yours will be in red.

(They may be hidden by the ADV's: to turn off the ADV's, use the  button on the top right.)

Messages

Sometimes, you will be sent automatically-generated messages. This will be indicated by a number on the Messages icon. You should click on the Messages icon to review these before continuing marking.

View mandatory message
You have received one or more mandatory messages. Please click OK to view the message(s).

OK

If you receive mandatory messages, you will get a pop-up message to tell you. You are not allowed to continue marking until you have reviewed these messages.

The screenshot shows a messaging application interface. At the top, there is a navigation bar with 'Home / Messages', 'Messages' (with a red notification badge), 'Menu', 'Help', and a user profile icon. Below the navigation bar, there are tabs for 'Inbox 1', 'Draft', 'Sent', and 'Deleted'. A 'New message' button is visible on the right. The main content area shows a list of messages. The top message is from 'z zzzzz' with the subject 'Examiner Status Update' and the body 'I have updated the approval status of A Hzzzzzzz from Not Approved to Approved'. This message is marked as mandatory with a red asterisk. Below it is another similar message. On the right side, a detailed view of the top message is shown, including the 'Reply', 'Forward', and 'Delete' buttons. A green callout box with the text 'Do NOT use the 'New Message' function. Ring or email instead.' is overlaid on the 'New message' button. Red arrows point from various callout boxes to specific elements in the screenshot.

**Do NOT use the 'New Message' function.
Ring or email instead.**

When you've reviewed the messages, click **Home** to go back to your work.

Messages in **bold** have yet to be reviewed.

Mandatory message have a *. These **must** be reviewed before you continue. You may need to scroll down to see all your messages.

You generally should **not** reply to any messages (or Forward or Delete them).

Raising an Exception – Raise an exception in the following cases only:

Exception	Escalates to	Prevents submission?	Comments
Image Rescan Request	Admin team	Yes	Only raise this if a rescan will alleviate the issue. A rescan is unlikely to make handwriting more legible.
Incorrect Question Paper	Admin team	Yes	Use this exception if the paper is an incorrect subject / level / language version.
Irish Bonus Query	ADV	No	The Irish bonus is generally automatically added to an Irish version of a script, though you can't see it in the marking site – raise this exception if the bonus should be withheld from a script. (Doesn't apply to Gaeilge, Home Economics, French, German or Spanish or any coursework.)
Missing Component	Admin team	No	Use this exception if the matching paper/coursework does not appear following download of the lead paper.
Missing Material from this Component	Admin team	Yes	Use this exception if pages / additional pages missing from a script.
Candidate numbers not matching	Admin team	Yes	This is used if the candidate number on additional pages or the Aural paper doesn't match the number on the main booklet.

Do **not** raise an exception where you're not sure what mark to apply, the candidate's writing is illegible, etc. In these cases, phone your ADV, who can also access the script and can advise you on how to proceed. If you are unsure about whether you should raise an exception contact your ADV first.

Raising an Exception – How to do it (1)

Home / Worklist Response 6543733 1 of 12 in worklist Messages Menu Help

Section and skills 150 marks

Answer a

Question (25 marks)

(a) $f(x) = x^2 + px + 3$, $p \leq 8$, and $p \in \mathbb{Z}$.

(i) Find the value of p for which $x + 3$ is a factor of $f(x)$.

Click on this icon to raise an exception.

The pane on the right will appear. Select the appropriate exception type from the list.

Give a reason for the exception (be very brief), and submit.

Raising an Exception – How to do it (2)

This symbol appears beside a script in your work list that has an associated exception.

If your Advising Examiner (Irish Bonus Query only) or the online marking admin team have provided a response to your exception, the symbol will be updated to indicate this. Click on this icon to see the response to your exception.

View the response to your exception. If the exception has been resolved (by your Advising Examiner or the online marking admin team), you will have the option to close the exception. Only close the exception if instructed to do so.

Other supports

The webpage:

<https://secexaminer.ie/online-marking-training>

will have links to a number of other supports to help you with regard to using the online marking system:

- Videos that demonstrate various features of the online marking system – see the table on right, which lists the videos that will appear on this website. The ones in green will be relevant to you. Those in yellow may be relevant.
- Familiarisation mode in the online marking system (see page 2 of this document). Given the type of marking you will be doing, the sample French component in Familiarisation is the one that will be most like your live marking.
- A FAQ (frequently-asked questions) document
- A helpdesk in Athlone. This can be contacted, during the marking period, via email or by phone:
 - onlinemark@examinations.ie
 - 090 644 2461
 - 090 644 2476
